

Selection Guide Sytronix

Requirements		Effective power			
		> 1,5 kW	80 kW	90 kW	315 kW *
axis control	closed hydraulic circuit (e. g. dynamic positioning)	SvP 			
	open hydraulic circuit			one hydraulic circuit in machine	
		several hydraulic circuits in machine	DFE 		
constant pressure system	open hydraulic circuit	FcP 			

* Higher power range on request
